## *Fortune cookies*

- **Taking into account SDGs, should ethics be integrated into higher education? Under which premises/assumptions? Which "ethics"? With what objective?**
- **Taking into account SDGs, should science and technology be included in all higher education? Under which premises/assumptions? With what objective?**
- **Can knowledge of humanities in science and technology programmes contribute to redefine the anthropocentric vision of the world? With what objective?**
- **In which way does knowledge in humanities contribute to the "world challenges" in planetary sustainability (ecological)? With what objective?**
- **Which way can knowledge in humanities contribute to "world challenges" in social sustainability (economic, cultural paradigmes, genders)? With what objective?**
